Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar trouble. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, all the mass of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.

## EXCHANGE RATES AGAIN OVERSHADOW MARKET

Persistent Rumors of Another Gold Import Movement—Few Developments in Securities Market

New York, June 18.—Business on the stock exchange today was again overshadowed by the sustained strength of British and Allied exchange rates, accompanied by more persistent rumors of another gold import movement. Dealers reported steady accumulation of bills on London, cables holding around \$3.95 to the pound, or slightly under yesterday's maximum quotation. It was believed that much of the recent buying of these remittances represented payments maturing at the mid-year. Developments bearing upon the securities market were chiefly negative in character. Ralls of the investment class made only languid response to the maintenance of prevailing dividends by Louisville and Nashville and Northern Pacific. Announcement of similar action by the Great Northern directors just before the close of the session, however, was not without sentimental value, there having been some misgivings in that connection. Pools were less aggressive in their promotion of favorite stocks, but steel, equipments, oils and motors were rushed forward in the final dealings to the disadvantage of the shorts. This was especially true of Mexican Pacific, Mexican Petroleum, Crucible Steel, and Shipplugs, which closed at gains of 2 to slightly over 6 points. Because of the light demand, call money opened and renewed at 7 per cent, but a belated inquiry for accommodations over the week-end forced the rate to 9 per cent before the end of the day.

The sale of one block of Anglo-French 5's, approximating \$1,500,000, at 99½, was the outstanding feature of the bond market. Liberty issues were steady, but in general the list remained irregular. Sales, par value, aggregated \$12,175,000. Old U. S. bonds were unchanged on call.

T. S. Fuller and Son Thrown Out of Ford Car.

Otego, June 18. — T. S. Fuller, editor of the Otego Times, sustained a painful injury last Tuesday while on his way to Binghamton. The accident occurred at the bridge crossing of Briar creek and was the result of temporary repairs being made to the bridge. A heavy truck had broken some of the planking and over this a door had been placed. When the bridge was reached, Gerald Fuller, who was driving the car, attempted to

stride the place repaired, but one wheel caught the corner of the door and sent the car to the left side of the bridge, where it tipped over on its side across the road. Both Mr. Fuller and his son were thrown out and the latter sustained a bad cut on the left knee and bruised the joint quite severely, while Gerald escaped with slight bruises on the face, hip and shoulder. The car was quite badly damaged, the top and windshield being a complete wreck. It was a narrow escape from a more serious accident and the Fullers are fortunate they were not otherwise injured.

## TERRIBLE CASE OF ECZEMA

Prominent Veterinary of Dover Suffered Tortures for Twelve Years

"FRUIT-A-TIVES" and "Sootha Salva" Finally Brought Relief

Dover, N. H.

"In 1903, I began to be troubled with Eczema. It started on my face and gradually spread. The second summer, I was so badly afflicted I had to lay off work. I would keep my hands tied up at night to prevent digging into my flesh while asleep. I spent hundreds of dollars in seeking relief. I would go for several months without trouble and then the Eczema would break out again and I would be in for a siege of suffering. My hands, especially across the knuckles, would be so puffed and swollen I could not do any obstetrical work or operations."

It was about three months ago I chanced to read an ad. of "Fruit-a-tives" about a person being cured of Weeping Eczema by using this remedy and "Sootha Salva." I bought both and in about a week, noticed an improvement. I have now used two boxes of "Fruit-a-tives" and one of "Sootha Salva" and am entirely free of Eczema. My flesh is clear and smooth and I am that gratified with the result that I cannot proclaim too loudly the merits of these remedies."

E. N. OLZENDAM, D. V. M.

Both remedies are sold at 50c. a box, 5 for \$2.50. At all dealers or sent postpaid by FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

## "The Lost City"

THE LOST CITY is a distinct surprise in serial production, going further in its thrills and sensations than anything yet produced for the screen.

Laid in the African jungles and vast desert stretches, the story calls for all the wild denizens of this adventuresome quarter of the world, and thus we find uncivilized natives, lions, tigers, leopards, elephants, camels, gorillas, chimpanzees, zebras, giraffes, alligators, and many other wild animals, all playing their part in this gigantic story, adding their own individual thrills to this sensational tale.

Deep into the jungle went the daring company of players to enact this thrilling and intensely dramatic story, braving the very jaws of death in their determination to picture the terrifying dangers of these strange lands, uncivilized people and ferocious beasts.

Hazardous indeed was the venture of the big company, but the story called for realism and this could hardly have been possible with caged or tame animals. Hence the trip into the jungle itself, to tempt the many beasts to display their natural ferocity before the camera, while the performers portrayed the many sensational scenes of this marvelous production.

Lions, Tigers, Leopards, Hyenas, Elephants, Camels, Gorillas, Chimpanzees, Monkeys, Giraffes, Alligators, Water Buffalo, Zebras and many other wild animals.

Thousands of African natives.

Seventeen months' time was necessary to make this Serial.

\$4,500.00 was spent for arms and ammunition.

Approximate valuation of animals actually slain during production, \$95,000.

Approximate valuation of production, \$750,000.

## WHEN THE BOYS COME BACK

There is real joy in Oneonta today—more perhaps than as a town for matters purely personal it has ever experienced, more doubtless than for anything else in the memory of most of her citizens save on the morning of great historic world-event, that November dawn of peace. The reason why just such a one in more limited way is felt often in the family home: The Boys have come back!

It is a long time since many of them were away; and the time seems long even in the case of those of brief sojourn; but always they have kept the memory of the old town in their hearts, and annually for years they have held a reunion which many present Oneontans have from time to time been fortunate enough to attend, and which always have been occasions and seasons for renewal of golden memories. In other years also the lads with graying hair who call themselves and are fondly called the Kilpatrick Boys have been occasional visitors. They have been in the city singly for brief sojourns, and have seen a few—far too few—remembered faces; and they have returned again to the metropolis. This June the conditions are different. They come "not in single file, but in battalions," and not merely as visitors in single homes but as guests of the community. Met at the Gateway of the Catskills, they were brought last evening to our (and their) city; and of all who greeted them were not one who did not rejoice that for a little time at least it was possible to thrust business cares aside and meet in reunion.

That the Kilpatrick boys are glad to be once more in Oneonta was plain to whoever had the pleasure of greeting any of them yesterday. That Oneonta is glad of their presence it is the purpose of the city to make no less convincingly evident. The entertainments provided in their honor, the flags swung to the breeze, the displays of relics and mementos of other days, the hospitality which individually and collectively will be extended all are proof thereof, but best of all will be the cordial greeting, the close hand-clasp, the eyes brightened by olden memories, the welcoming smile and laugh which will come to the lips of everybody Oneonta is proud of them. Oneonta hopes that the present is but one of a long series of similar annual events; and in the same connection Oneonta vaunts herself a little, swagsgers just a little for at least two things—that while others have been moving she has not stood still, but has kept pace with what is best in the progress of the world. That's one thing, and the other is that, despite change of scene and occupation, often with added family ties, and with diverse and distracting interests—for all that the years have given and taken—there are still her boys.

Welcome, therefore, to Oneonta! Figuratively speaking everybody's flag is out, as literally everybody's flag-string. And whether individually or collectively you come from this time forward, the welcome will be as hearty, and the one regret that no matter how long your tarrying, you must go so soon.

## MOST GENEROUS RESPONSE

TO NEAR EAST APPEAL BY EMPLOYEES AT ONEONTA INDUSTRIAL PLANTS.

Those Engaged with Seven Manufacturing Concerns Donate Magnificent Sum of \$2,591 — Effective Appeal by Captain William Pringle—More Contributions Expected.

Would you had many of the Good Samaritans of Oneonta? Then seek for them among the men and women who toil in the factories, at the looms and elsewhere, who are not so selfish but that they think of others less fortunate than themselves. As evidence of this may be cited the fact that while Oneonta had been struggling along in efforts to secure its meagre quota for the relief of the suffering and starving children and women of Armenia and Syria, with the goal not yet sighted, yet when the subject was presented yesterday to the employees of the concerns comprising the Manufacturers' association of the city, in a ten-minute talk at each plant, they responded and when the total of the contributions received at the seven plants had been tabulated it was found to aggregate the generous and surprising sum of \$2,591. It is most gratifying and as creditable to the men and women employed at the plants visited as it is gratifying.

To present the subject to the contributors Oneonta was fortunate in having the services of that friend of humanity, Capt. William Pringle. Accompanied by Secretary Walter of the Chamber of Commerce, who has acted as secretary of the local committee, he visited these industrial plants, where, through the courtesy of the superintendents, Dr. Pringle was permitted to speak to the employees collectively. He was introduced by Secretary Walter and the response was indeed generous.

The donations received at each of the plants visited follow:

Quality mill, Market street...	\$615.90
Kayser Silk mill...	454.29
Riverside factory...	456.00
Groversville mill...	327.00
Nestle Food Co. ....	281.00
Buckley Bros. Co. ....	211.80
Paragon Silk Co. ....	206.90

Total ..... \$2,591.00

Columns might be written of the incidents evidencing the interest of the people addressed. One woman, who said that she was about to leave her present position and could not well make a monthly donation, but wished to give the only bill she had in her pocketbook—a \$5.00 bill. She was informed it was more than she could be permitted to give, and the best that could be done was to accept \$3. Another woman, who pledged herself liberally, said: "I have four children, but I am a Syrian woman and I know about the sufferings of these people and all that is said is true."

This magnificent result of the day's activity puts the city well over its quota and may assure its being doubled, as the East street mill of the Quality company is yet to be heard from and other individual pledges are yet to be made.

## CAMPAIGN SCHOOL IN ONEONTA

Representative Republican Women of County and State to Be Present.

Mrs. U. G. Welch, Republican vice-chairman of Otsego county, assisted by Miss Florence Wardwell, of the Republican Women's State Executive committee, is arranging to hold a "campaign school" in Oneonta on Saturday, June 19th. The campaign school is a brand new device in politics which was only started this spring. Its founder, Mrs. Arthur L. Levermore, Republican vice-chairman of the state, will be the chief instructor on the 25th and another speaker will be Mrs. Grosvenor, Clarkson of New York.

The school is designed to prepare women to be campaign workers and speakers and campaign issues will be taken up, party organization will be explained and an open forum will be held after the speeches.

The sessions last all day, beginning at 10 o'clock in the morning and closing at 4 in the afternoon and the women usually bring "box-lunches" for the noon recess.

## Says Avery Goodman:

Avery Goodman of Portlandville is a stern and possibly a just critic of certain modern social conditions. "I see," said Avery yesterday, "that they are sending officers to Kentucky and everywhere to find out who shot Elwell. Now when they get him, I wonder who gives him the medal?"

## FOR THE SALVATION ARMY

Miss Christie, Special Representative, Pays Flying Visit to Oneonta in Interest of Home Service Fund.

Miss Margaret C. Christie, a special representative of the Salvation Army, located in Albany, made a flying trip to Oneonta yesterday in the interest of the local organization.

Miss Christie was delighted with the city and its people and made a most favorable impression on the ladies and business men on whom she called. She has a pleasing personality and has had a long career as a public speaker.

After luncheon with Mrs. Elizabeth Blackwell and W. L. Hatch at the tea room, she called on Mrs. W. Spencer Blakeley, Mrs. M. C. Hemstreet, Mrs. H. W. Lee and Ensign Mrs. Clifford to discuss plans for helping the local Salvation Army to secure at least the \$2,000 that will be needed for its year's expenses and towards which Otsego county has only subscribed about one-half so far.

Arrangements are under way for Miss Christie to visit Oneonta on Wednesday, July 7, and meet a group of the leading women leaders in social philanthropic and church work, at which time practical suggestions for accomplishing the desired results will be discussed.

Before leaving for Albany on the afternoon train, Miss Christie and Mr. Hatch also called on E. W. Elmore, E. B. Holmes and C. J. Beams and it is expected that the Men's Salvation Army campaign committee will arrange for a conference of business men at which Miss Christie will be present to speak on July 7th. In the meantime, it is hoped that as many of our citizens who realize the value of the Salvation Army and who have always supported it will make a liberal contribution to this worthy local enterprise. Mr. C. Hemstreet is county treasurer for the Salvation Army fund and subscriptions can be made to him at the Citizens' National bank or handed to any member of the following campaign executive committee: E. W. Elmore, A. E. Ceperley, H. W. Fluhrer, E. B. Holmes, Charles Smith, Robert Hall, Charles J. Beams, Rev. Dr. J. C. Russell.

W. L. Hatch, who has spent several weeks in Oneonta in the interest of the campaign in this city and in organizing various points in Otsego county, leaves today for New York and desires to thank the campaign committee, the Elks, Masons, Odd Fellows and the Chamber of Commerce for the friendly spirit of cooperation shown and expresses the hope that the same spirit may be extended to Miss Christie when she returns here to meet both the business men and ladies of Oneonta in order to conclude the campaign.

## Boy Missing From Home.

The newspapers of the state are being asked to help to locate Manning A. Trea, 17, missing from his home in Ithaca since June 6. He is said to be a boy of good habits and it is thought probably he was lured away by advertisements of big wages being paid boys. He is 5 feet 8 inches tall, dark, weighs about 135 pounds and has good teeth. He plays clarinet and cornet well enough to take position in a band or orchestra. His father, A. Trea, 607 North Cayuga street, Ithaca, N. Y., will be grateful for any information concerning him.

A PARAMOUNT-ARTCRAFT PICTURE

## VIOLET HEMING'S ADMIRER

Violet Heming, the beautiful actress who is playing the chief role in the big Paramount-Artcraft production of "Every Woman," recently received a much more and unique snapshot from a doughboy still stationed in Germany. He was a New Yorker whose company had benefited by an entertainment in which Miss Heming was the central figure. The picture was taken in a dugout which the Yanks had left behind in their victorious march toward Berlin. High up in this man-made cave is a photo of Miss Heming torn from a magazine. One corner has been partially ripped away by a bullet hole made by a Hun sniper. Miss Heming has purchased a suitable frame for the memento and has it among her most cherished possessions.

**The Handshake and the Howdy Do.**  
A handshake an' a howdy do  
Is good when you are feelin' blue.  
Come go with me to my old town  
Where they are glad when you come  
down.

Where men in shirt sleeves minus the  
An' collar never ask you why  
Or wherefore but just understand  
You want to git back to the land  
Away from big town noise an' rave  
Whar you kin watch the cornstalks  
wave.

The handshake an' the howdy do  
Of village folks always rings true.  
You'll see some patches an' a style  
Of clothes sometimes that make you  
smile.

But underneath a hickory shirt  
I'm here to stand up an' assert  
There's true heart welcome, bud, for you  
A handshake an' a howdy do.

**New Motor for Hotel Elevator.**  
About a year ago, the owners of  
the Oneonta Hotel property placed an  
order through a local corporation with  
the General Electric company of  
Schenectady for a new electric motor  
and equipment to run the elevator lo-  
cated in the Oneonta hotel proper-  
ties. This change was made necessary on  
account of the New York State Gas  
and Electric corporation desiring to  
discontinue the 500 volt circuit.

The equipment has arrived and will  
be connected with the present alter-  
nating current. Although it has tak-  
en nearly a year to secure the delivery  
of the equipment, it is expected that  
the change will be made within a few  
days. New wires have been placed  
on the rear of the building on Diez  
street, running to the barber shop at  
the rear of the hotel and thence to  
the basement and elevator shaft.

the sun shine and stops the rain, there  
will be a ball game. The Cubs will  
make another attempt to go to Sus-

Susquehanna baseball team, and it is  
hoped that the weather man will not  
interfere this time either.

the following program will prove of  
sufficient interest to make the day of  
their homecoming a memorable event  
in their experiences. They have kept  
alive their interest in the old town  
and it in turn is glad to welcome them.  
Following is the program for the  
day:

Assemble at hotel, 10 a. m. Auto-  
mobile ride about the City.  
12:30 P. M.—Luncheon at Hotel One-  
onta, Windsor Hotel, Wankana  
Coffee Shop or any lunch room  
you may select.  
1:30 P. M.—Assemble at hotel; band  
concert; march to High school  
building; reception—welcome, by  
Rev. J. C. Russell, D. D.; Address  
by Dr. Giles.  
4:00 P. M.—Ball Game at Nehwa  
park, Klipnockies vs. Norwich.  
6:30 P. M.—Assemble at hotel for din-  
ner at Country club, 7 p. m.

**Ride Through the Catskills.**  
About 40 of the guests arrived in  
the city by motor cars at about 10  
o'clock last night while others had ar-  
rived by rail and their own convey-  
ances earlier in the day, so that last  
night nearly 100 were in the city.  
Others are expected to arrive this  
morning.

At 2 p. m., a delegation of about 30  
were met at the Day Line dock at  
Kingston by motor cars provided by  
the following citizens: M. C. Hem-  
street, O. C. McCrum, E. W. Elmore,  
J. A. Dewar, E. H. Morris, L. J. Book-  
hout and H. W. Lee, and there they  
were joined by J. A. Reynolds of Al-  
bany, Dr. W. J. Thompson of Pough-  
keepsie, Joseph Kearney and H. C.  
Merrill with their cars and the party  
then proceeded through the Catskills,  
halting at the Ashokan for a thorough  
inspection and some at Roxbury to  
see the Gould Memorial church. The  
country was never more beautiful, al-  
though the low hanging clouds pre-  
vented seeing far and witnessing much  
of the charm of the ride. All were  
enthusiastic about the ride as only a  
limited number had seen the big reser-  
voir before.

The party stopped at Grand Gorge  
at 6 o'clock, where Seymour N. Mur-  
phy provided one of his best dinners  
for the party, which the guests of  
our citizens pronounced excellent.

**Public Urged to Attend.**  
It is the earnest desire of the local  
committee that our citizens partici-  
pate to the utmost possible in all fe-  
stivities. At the exercises this after-  
noon, there should be a crowd at the  
high school building to hear Dr. Giles  
and Dr. Russell. It is impossible to ac-  
commodate the Oneonta friends other  
than those named by the mayor as  
officially to represent at the dinner at  
the Country club, but all such friends  
are cordially invited to visit the club  
and participate in the dancing and  
social features following the dinner.  
There should also be a large attend-  
ance at the ball game at 4 o'clock to  
cheer the Klipnockie team composed  
on this occasion of Weldman's Cubs  
on to victory.

**Attention Motorists.**  
Will all those who have donated  
their cars to take the Klipnockians  
about the city this morning kindly be  
on hand at 10 o'clock sharp on Ford  
avenue, facing Main, to move down  
in front of the Oneonta to secure their  
guests. The indications are that all  
cars that have been promised will be  
needed.

**Many Fine Showings.**  
In response to appeals which had  
been made personally and through  
The Star, many relics of the olden  
time have been brought to light and  
used to enhance show window displays  
already made. Among these is a very  
interesting collection of old newspap-  
ers of the aforesaid village, portraits  
and pictures of early Oneontans and  
Oneonta, and many other articles of  
genuine interest displayed in the show  
window of the Carr Clothing company.

Other stores, among them the Depart-  
ment store, have exhibits, and at the  
Citizens' National bank is the weather  
beaten old board of the Oneonta and  
Franklin turnpike, which often has  
bitten the visitors to stop and  
pay tribute. Other windows will  
have their displays today, and in  
honor of the visitors flags will no  
doubt be generally displayed.

**A better investment than Liberty  
bonds.** This ten-room house on Elm  
street, with modern improvements;  
large lot; garden up and growing;

begins at once. Charles G. Eldredge,

Dayton family will be held at Sher-  
man lake Wednesday, June 24. Every-

## WORTH-WHILE ENTERTAINMENT

**Arranged for Monday Evening by  
High School Alumni Association.**

As a part of the entertainment  
which the Alumni association of the  
Oneonta High school will offer on  
Monday evening to raise funds for the  
memorial tablet to the O. H. S. boys  
who carried the reputation of their  
alma mater into the great struggle  
for freedom, and gave their lives for  
the cause, two short plays of a type  
not often seen outside the haunts of  
Community Players in the larger cit-  
ies will be presented. The committee  
on entertainment decided that any of  
the usual forms of amateur perfor-  
mance—burlesques, or musical com-  
edy—would be entirely unfitting as  
words dedicated to those seven boys  
of Oneonta High school whose last  
achievements were so serious and no-  
ble. So for the occasion, two one-act  
plays of distinct literary and artistic  
significance were selected, which, to-  
gether with some musical numbers of  
merit, will constitute the program in  
the auditorium, preceding the dancing  
in the gymnasium.

In "The Fame and the Poet" and  
"A Minute" the Alumni association  
feels that it has material that will  
commend itself to the taste and judg-  
ment of Oneonta, and at the same  
time serve as a more fitting tribute to  
the High school's honored dead, than  
any other type of entertainment at its  
command.

Randolph Somerville, O. H. S. '10,  
now of the Department of Dramatic  
Art of New York university, who has  
been associated with Stuart Walker  
during the past season in producing  
plays, and who has taken his Universi-  
ty Players into New York theatres  
with success, has been coaching the  
players; and he has been heartily pleas-  
ed with the response made by the O.  
H. S. graduates who are engaged in  
interpreting the various parts.

## ONEONTA MOTORCYCLISTS

**Arrange for Annual Gypsy Holiday  
Tour to Otsego Lake Tomorrow.**

At a recent meeting of motocyclists  
of Oneonta and vicinity it was decid-  
ed to celebrate the annual Motocycle  
Gypsy Holiday tour which is held  
throughout the United States on June  
20th under the auspices of the Motocycle  
and Allied Trades association.

The local cyclists, with Ivan Grant  
as tourmaster, will unite with the  
Unadilla and Sidney group, which will  
probably form at Unadilla, leaving  
Oneonta at about 8 o'clock, new time,  
and tour to some point on Otsego  
lake at which place the day will be  
spent in amusements, the return trip  
being made late in the afternoon.

All participants must drive in an  
orderly manner, each being numbered  
and must continue in their allotted po-  
sitions. Road racing, open cutouts and  
other forms of disorderly riding being  
absolutely prohibited.

In case of unfavorable weather, the  
event will be postponed one week.

Over two hundred similar tours  
have been organized for the same  
date and the weather being favorable,  
a large turnout is expected.

## Fox Trot and Jazz Music.

Say, young folks: going a pretty fast  
pace; ain't you? Better think how  
your dads and mothers worked for  
about one-third the wages that you  
are getting; saved and economized  
in order to give you a chance to make  
good. Better think and find out how  
government reports show that \$0 out  
of every 100 of you, during the prime  
of life, make no provision for the  
lean, weary years of sickness, mis-  
fortune and old age. Its pitiful. Better  
go to No 54 Chestnut street and get  
in with my bunch of little fellows that  
I am helping to make small amounts  
roll up to several million dollars. Next  
month I start a new big bunch of  
them and in order to avoid the rush  
have arranged to open my new series  
at once. It's no gain to me. I simply  
give every one a fair chance and a  
square deal. It's up to you to make  
good, so do as you darn please; but  
later, don't come around whining  
and grumbling about not having had  
a fair chance. I am the safe and sane  
Oneonta Building and Loan associa-  
tion. 1t

Episcopal Sunday school please be at

## NEW TEACHERS AT NORMAL

**Albert P. Mills of Albany Elected  
Teacher of Logic and Public Speak-  
ing—Miss Christine L. Boyd Critic  
and Model Teacher.**

At a meeting of the local board of  
the Oneonta State Normal school, held  
yesterday afternoon, two positions on  
the faculty left vacant by resignations  
were filled by appointment. The new-  
ly elected instructors are Albert P.  
Mills of Albany, who succeeds Prof.  
E. W. Anibal as teacher of Logic and  
Public Speaking; and Miss Christine  
L. Boyd of Wilmington, Vt., who takes  
the place made vacant by the resigna-  
tion in March last of Miss Sarah L.  
Green as critic and model teacher.

Prof. Mills, who is a native of Dela-  
ware county and well known in this  
city, is an alumnus of Hamilton college,  
from which institution he graduated  
with high honors. He also spent two  
summers in the University of Bonn,  
and a considerable time at the Uni-  
versity of Wisconsin in postgraduate  
work. He has for eleven years been  
instructor in English in the Boys' Mil-  
itary academy at Albany. He is a  
teacher of much experience and fine  
attainments, and his resignation was  
accepted with great reluctance by the  
trustees of the academy. Oneonta  
congratulates itself upon his decision,  
which was doubtless to some extent  
influenced by the fact that this city  
was formerly the home of Mrs. Mills,  
who is a daughter of Mr. and Mrs. O.  
C. McCrum.

Miss Boyd is a graduate of the Ver-  
mont State Normal school at Castlet-  
on and has for five years been a  
teacher in that school. She has taken  
considerable work at Columbia uni-  
versity and comes with high recom-  
mendations. Her choice, like that of  
Prof. Mills, is believed to be a most  
fortunate one for the Oneonta Nor-  
mal.

## SATURDAY BOOK COLUMN

GOOD BOOKS MAKE GOOD CITIZENS

What better gift could you hand the Graduate than a good book?

For instance: "Theodore Roosevelt," The Boy and the Man, by James Morgan.

"To present a life of action, portraying the very dramatic scenes in the career of a man whose energy and faith have illustrated before the world the spirit of Young America"—such has been the aim of Mr. Morgan in writing this fascinating and ideal biography of one of the truly great Americans. It catches much of the vigor and dash and enthusiasm of the boy and man, and the fine ideals which ever held sway over that rapid, tumultuous life. It is one of the most original and most interesting true stories which have ever been written. It will be an inspiration to every man and woman of tomorrow in the land.

Price ..... \$1.15  
We have many other books at this same price by the best American writers, ideal for gift selections. We invite you to come in and look them over.

Another book, "A Man for the Ages," by Irving Bacheller is the story of Lincoln's early manhood told in fiction form, which is not only a delightful bit of story telling but a book that will stimulate further reading about this greatest of all Americans. It is a splendid book to place in the hands of any young man or woman.

## TO MAKE CHICAGO WOOL CENTER

Movement of Wool Clip in 1920 Would Be Financed by Western Bankers Under New Plan.

Chicago, June 18. — Steps to make Chicago the wool center of America were taken today at a conference of wool growers and bankers with decision to name a committee to place the question before officials at Washington. The committee will be appointed by William J. Williams, president of the Wyoming Wool Growers' association, who presided.

Under the proposition approved by the meeting, called by representatives of the American Wool Growers' association, the movement of the wool clip beginning in 1920 would be financed by Chicago bankers, which would require \$50,000,000 annually. Heretofore, this has been done by Boston banks, who have been compelled, it was said, to relinquish their financial support due to demands for funds from other sources. Senators Hitchcock of Nebraska, Walsh of Montana, Pittman of Nevada, Chamberlain of Oregon and King of Utah joined in calling the conference. Conditions in the wool market, they said in summoning the bankers and wool growers, are similar to those prevailing with cotton in 1914, there being neither actual nor speculative demand, with the wool growers unable to obtain loans to finance them while awaiting a profitable market.

Albuquerque, N. M., June 17. — The Wool Growers' Cooperative association of New Mexico has been formed for the purpose of eliminating middlemen and increasing the returns to the sheep men. It is the intention this year to concentrate in a warehouse in Chicago, for grading and selling to spinners, as much of the wool clip as is pledged to the association. When the association is considered as permanently established and is sufficiently strong financially, arrangements will be made for one or more bonded warehouses in this state, where the wool will be graded and sold.

Sheepmen say at present wool passes through the hands of from two to five persons after the grower sells it until it reaches the man who makes it into cloth.

New Mexico's wool clip this year will, it is estimated, amount to 15,000,000 pounds. Growers have already pledged 3,000,000 pounds to the association.

## Arrested as Vagrant.

William Paparty, 22 years old, who said his home was in Bayonne, N. J., was arrested yesterday and brought before City Judge Huntington on a technical charge of vagrancy. The young man applied at police headquarters the previous night for lodging and did not seem to be particularly ambitious to get work. After being given a talk by Judge Huntington, who urged him to get out and do something useful, the fellow was let go. He said he had lately been working at Sherman lake.

## HONOLULU NEEDS SERVANTS.

Honolulu, T. H., June 17. — Honolulu will appeal to the Chamber of Commerce of cities in Sweden and Denmark for house servants, according to an announcement by officers of the Honolulu Housewives' league. The league will send circulars to the Scandinavian countries, reciting the dearth here of domestic help and asking if there are any working women, available who would appreciate employment at the cross roads of the Pacific.

## Three More Drunks in Court.

Three more drunks were in police court yesterday and were fined \$5 apiece. They gave their names as Orson Sholsk, Fred Curry and Paul Kojin, and were arrested late Thursday night by Patrolman Cross after they had their fill of Horke Vino. Judge Huntington gave each a sentence of 30 days in the county jail, but this was suspended.

## FORD CAR SMASHED UP.

Is Considerably Damaged Coming into Collision with Briggs' Truck.

The Ford touring car of Burton Hulbert, an employee of the Wilber National bank, was considerably smashed up yesterday noon, when it struck the Briggs Lumber company truck driven by Seward Nichols. According to the story told by Hulbert, he was coming down Main street from East End at about 12:30 and when near the Gardner place corner his path was intercepted by the truck, which he said was coming up Main street and had swung over into Gardner place without waiting for Hulbert, who had the right of way, to pass. In the car with Hulbert was his brother-in-law, Lester E. Townsend, also of the Wilber bank, and he was cut by flying glass, but Hulbert was uninjured.

The two cars came together with considerable force and the Ford got the worst of it. Its radiator, windshield, headlights and front axle being demolished. It was taken to a local garage for repairs. The truck was little hurt and was able to proceed under its own power.

**Cole Aero-EIGHT**  
BALANCED TO ZERO

What vests the Aero-Eight with its unusual range of performance and enables it to operate with uniform efficiency and economy throughout its entire speed range?

Those who have experienced the thrill of traveling in the air realize instantly why the Aero-Eight is so versatile.

Its working parts are synchronized. It never labors, never strains. Its operation is smooth, silent, vibrationless. For the Aero-Eight is balanced to zero.

The sensation of speed is cut in half. Traveling at 60 miles an hour seems like 30; 40 like 20 and at less it moves so evenly and quickly that one is hardly cognizant of its motion at all.

There's a peculiar fascination about the manner in which the Aero-Eight performs which is attributable to its peculiar balance.
